

# Knowing where to Focus Efforts in Preparation for the new ISASP

Every Student Succeeds Act (ESSA) requires that states administer assessments in grades 3 to 8 and high school. The ISASP will offer these grades as part of the spring 2019 administration.

The *Iowa Assessments* are also available to be administered from grades kindergarten through high school to provide valuable information about student performance prior to taking the ISASP.

By administering the *Iowa Assessments* in the fall or midyear, ISASP scores can be predicted and steps can be taken to intervene early for students failing to obtain test proficiency.

You can use the *Iowa Assessments* to identify students in need of intensive intervention.

You are invited to partner with Iowa Testing Programs during this period of change to provide a link between previous and new data.

Assessments at all grade levels are available in two ways:

## Online

Focus on student achievement across all content areas by administering the *Iowa Assessments* online, Levels 5 to 17/18. The price is \$10.50 per student.

## Paper and Pencil

Administer the *Iowa Assessments* by ordering the grade levels and quantities you need through Online Tools. The price is \$5.50 per student.
