

Identifying Student Strengths and Weaknesses in K–2

Every Student Succeeds Act (ESSA) requires that states administer assessments in grades 3 to 8 and high school. The ISASP will offer these grades as part of the spring 2019 administration.

The *Iowa Assessments* are also available to be administered from grades kindergarten to grade 2 to provide valuable information about students before entering grade 3.

Use the *Iowa Assessments* at these grade levels to identify student strengths and weaknesses and screen students for enrichment and intervention programs.

Use the *Iowa Assessments* to identify students in need of intensive intervention.

Assessments at these grade levels are available in two ways:

Paper and Pencil

Administer the *Iowa Assessments* by ordering the appropriate grade levels (Levels 5 to 8) and quantities you need through Online Tools. The price is \$5.50 per student.
