

The **Clear Choice** for Iowa's Educators

Accurately
Measure the
Iowa Core,
Growth, and
Readiness
with a Proven
Assessment

Iowa Testing Programs

The Proven Advantages of the *Iowa Assessments*

The *Iowa Assessments* from **Iowa Testing Programs** measure student achievement and growth from Kindergarten through Grade 12 as defined by the **Iowa Core**. The *Iowa Assessments* offer a host of enhancements to help educators meet today's evolving educational needs while allowing for comparisons with previous years.

The *Iowa Assessments* enable administrators and educators to:

- **Monitor Growth** using a continuous, researched-based, vertical scale to accurately measure academic progress from Kindergarten through high school
- **Indicate College and Career Readiness** through high-quality, easily accessible, and interpretable assessment data helping educators and families determine whether students are on track for college and careers
- **Evaluate Student Mastery** of next generation skills and rigorous learning standards defined by the **Iowa Core**

Other Advantages:

Provide Actionable Data

- **Iowa Core** alignment and reporting
- Items align to one of three cognitive levels, providing an additional view of mastery
- Reporting suite includes **Lexile** measures
- **eITP** enables customizable report building and searches at the district, building, and individual level. **eITP** is a longitudinal reporting tool provided to Iowa educators for free.

District and School Support

- Iowa Testing Programs has a long history of working with Iowa schools and districts to better understand their assessment results.
- Free troubleshooting and technical support.
- Supplemental services are available to meet each district's unique needs, including custom reports and special studies.
- Interpretation workshops and in-service training led by ITP experts.

Administration Options

- Available both Online and as Paper & Pencil
